SURFACE PREP. & TREAT.

socomore

100 % biodegradable exterior aircraft cleaner

Key facts

- Effective cleaners for **exterior maintenance of aircraft on the ground**.
- 100% plant-based products, safe for users and the environment.
- Certified and approved products.

Application

Dedicated solution for airport ground handling

- **Exterior aircraft product** (fuselage cleaner)

Features and benefits

- Innovative and environmentally friendly: **100% biodegradable** (ultimate biodegradability)
- Use, storage and logistics without constraint: non-flammable products (no ATEX storage area), non-toxic and **not dangerous for transport**
- **Water saving**: consumption divided by 100
- **Ready-to-use**
- **Proven effectiveness**
- 100% natural fragrances
- **100% produced in France**

100% biodegradable exterior aircraft cleaner

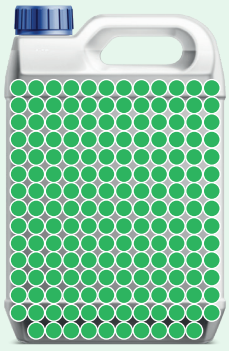

SOCOCLEAN EXTERIOR AIRCRAFT CLEANER

Multi-purpose alkaline cleaner and degreaser for cleaning aircraft exteriors (fuselage, landing gear, etc.)

- Can be used on all painted or unpainted surfaces without risk of attack or corrosion: all metals, glass, composites, plastics, acrylic plastics.
- No rinsing.
- Concentrated solution to be diluted at room temperature, to be applied with a microfibre mop, a brush or with the AEROWASH dry wash robotic solution.
- Free of caustic soda, potash, EDTA, phosphorus compounds.

Certification	Item code	Packaging
AMS 1526C BOEING BSS 7432 Airbus AIMS 09-00-002 Airbus CML 08 ABC1-B	102490-109 102490-125 102490-112	5 L 210 L 1000 L

100 % of material degraded into **H^2O** and **CO^2** in 28 days

Ultimate biodegradability on **100%** of the formula

AW3, a robotic solution for aircraft washing

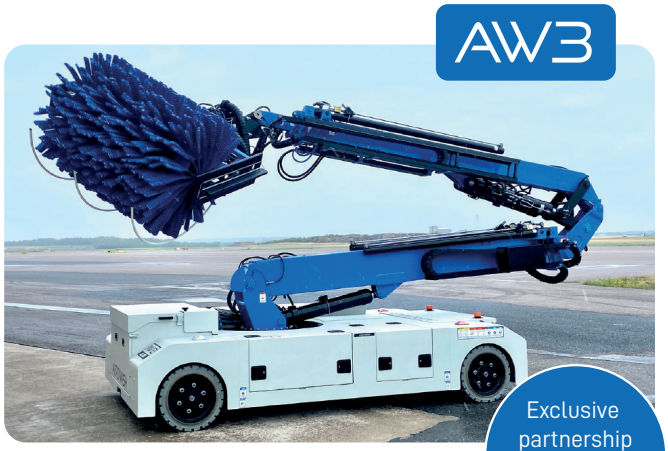

We have a partnership with AEROWASH, Global leader in aircraft washing systems and services which has developed a robotic solution for efficient and safe aircraft dry wash:

Key features

- Intelligent brush control
- Telescopic arm for greater reach
- Automatic DRY & WET washing programs available for any kind of aircrafts
- Battery powered
- Approved by Airbus

Key benefits

- 99% of the water used for cleaning is saved
- Reduced man hours & washing time
- No need for wastewater reprocessing (according to site regulations)
- Reduced risk of accidents
- High quality washing result
- Online training platform for 24/365 support
- Good ergonomic conditions for operator

Exclusive partnership with AEROWASH

Can be shipped, stored and used without any special considerations.

A high-pressure exterior aircraft cleaner

SYNCLAIR A/C

Efficient petroleum solvent-free water soluble cleaner for aircraft exteriors and parts.

- Can be used on all painted or unpainted surfaces without risk of attack or corrosion: all metals, glass, composites, plastics, acrylic plastics.
- Effective on stubborn stains
- Concentrated solution to be diluted either with hot or cold water, to be applied with a high-pressure system or by swabbing and brushing.
