Sacrificial anticorrosion coating

SOCOGLAZE SPC 0981 CF

Aluminized sacrificial coating

- **Totally chromate Free**
- **Waterborne product**
- **Low VOC (<60 g/Ltr)**
- **Sacrificial function**
- **Worldwide availability**

The **SOCOGLAZE SPC 0981 CF** is a one component solution that protects parts from **corrosion** in high temperature environment . It is applicable on steel and other alloys sensitive to galvanic coupling exposed to high temperature : **450-550 °C / 842-1022 °F.**

This SOCOMORE coating system is highly recommended on:

- Rotating / non rotating parts
- Compressor shafts
- Steel blades

Protection for all kind of steel surfaces exposed to high temperature and corrosion: **> 3000H salt spray**

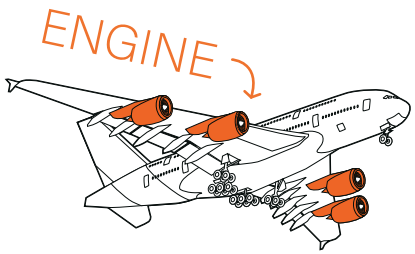

Approvals:

- SOCOBIND CF 2K - SAFRAN AIRCRAFT ENGINE - **DMR 74-510** (Non rotating parts only)
- SOCOGLAZE SPC 0981 CF 1K & SOCOBIND CF 2K - SAFRAN HELICOPTER ENGINE - **CCT 00598** (rotating & non rotating parts)

New complementary product

SOCOGLAZE 0989 CF for spray gun or brush **touch up application**.

A full range of solutions

Socomore solutions meet the cleaning needs for **cold & hot sections of engine parts** and APUs (Auxiliary Power Units). The aim is to **improve productivity** and the **final finish** of parts while **optimizing operational costs**. Our solutions are based on over **50 years** of experience in speciality chemicals and are approved by engine manufacturers.

Engine maintenance process	Our products**
Degreasing of assembled module	DIESTONE DLS • COMORAL DXP • SYNCLAIR A/C
Engine disassembly	
Parts degreasing	DIESTONE DLS • COMORAL DXP • SYNCLAIR A/C
Paint stripping of engine parts	HDL 202 • KEMSTRIP 600
Descaling / Deoxidation / Derusting	HDL 73W • HDL 2524 • AP 988 • AP 954
Non Destructive Testing	See our products on *www.store.babbco.fr*
Cleaning after NDT	See our products on *www.store.babbco.fr*
Parts repair	
Coating	**Nacelle coatings :** LBYH 142 **High temperature coatings:** SOCOGLAZE SPC 0981 CF SOCOGLAZE SPC 8061 • BOLICONE K **Cones, fan blades, composite & OGV blades:** CHEMGLAZE M331/M201 • LBYH 203 V2 • LBYH 205 PCEH 100 V2 • PRIAM 32005 • PRIAM CE 111 SOCOGLAZE PRIMER WB411
Anti-corrosion protection	SOCOPAC 65H • SOCOPAC 50S • WADIS 24/60
Storage	
Degreasing before assembly	DIESTONE DLS • COMORAL DXP • SYNCLAIR A/C
Reassembly	

Approvals:

CFMI, GE, IAE, MTU, Pratt & Whitney, Rolls Royce, Safran Aircraft Engines, Safran Helicopter Engines, etc.
