SkyScrapers & Tools
for sealant removal

NEW

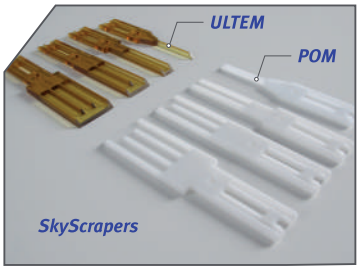

socomore

As a result of the acquisition of Elixair,
Socomore can now offer sealant removal solutions to complement our pre-saturated wipes.

- A range of ***plastic*** scrapers, tools & accessories
- Maximize operator ***comfort*** & ***safety***
- Suitable for ***MRO*** & ***OEM*** operations
- Extremely ***efficient*** & ***cost effective***
- Scrapers can be re-sharpened multiple times, ***reducing waste***
- ***Approved*** by Airbus, Boeing, Bombardier, etc.

ALL PURPOSE SCRAPERS

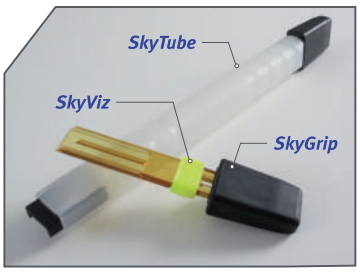

- Remove ***cured*** & ***semi-cured*** sealants and adhesives
- Available in two different materials:
  ULTEM: tough material, very efficient & Airbus approved
  POM: softer material, complies with Boeing specification (including BAC 5000)
- Available in four different ***widths*** (3 mm > 37 mm / 0.12”> 1.4”)
- ***Won’t damage*** or scratch substrates or painted surfaces

LONGER LASTING

- Two ***sharpening devices*** available:
  SkyMill: battery operated device resharpens SkyScrapers ***up to 20 times***
  SkyEdgit: handheld manual device keeps the blade edge sharp
- Dust collectors avoid ***FOD*** risks
- Operators can sharpen at ***point of use***, eliminating the need to leave their workstation, increasing ***productivity***

USER-FRIENDLY

- A range of ***easy to use*** accessories:
  SkyGrip: comfortable rubber grip, prevents carpal tunnel syndrome
  SkyViz: anti-FOD fluorescent UV clip
  SkyTube: extension handle for difficult to reach areas
